

LEADERS DRAWING NEARER IN RACE

(By Associated Press.)
CHICAGO, Sept. 5.—The pennant races in the National and American leagues grew tighter as a result of the double headers which were on the Labor day program.

In the older league Brooklyn was dethroned from the lead by losing two games to Philadelphia while Boston went in front when they split even with New York. Philadelphia, as a result of their double victory, moved up to a tie with the Dodgers for second place. New York remained in fourth place.

In the American league, the clubs did not change their positions, but Detroit, by a double win over Cleveland, advanced to within 10 points of Boston. The Red Sox lost a few points when they broke even with the New York Yankees, who tied Fielder Jones' men for fourth place, because St. Louis lost both ends of the double bill to Chicago. The White Sox, as a result, strengthened their hold on third place and are only 21 points behind Boston.

(By Associated Press.)
PHILADELPHIA, Sept. 5.—Before crowds which broke the record for a holiday at the National league park here, Philadelphia twice defeated Brooklyn, 2 to 1 in the morning and 10 to 3 in the afternoon. Thousands of fans were turned away before each game started.

Home run drives by Killifer and Luderus gave Philadelphia the victory in the morning game. Both of the four baggers were made off Marquard, who was taken out for a pinch hitter in the fifth inning.

(By Associated Press.)
CHICAGO, Sept. 5.—Christy Mathewson, former idol of the New York National fans and now manager of the Cincinnati Reds, and Mordecai Brown, of the famous old Cub machine, met on the slab in the second game of a double header here, which was their first meeting since 1912.

Mathewson was returned the winner, the score being 19 to 8. This gave Cincinnati an even break on the holiday bill, Chicago having won the first game 3 to 0.

In marked contrast to their pitching duel, each was hit hard. The Cubs touched Mattie for 15 hits while the Reds hit 19 off Brown. Many of them were for extra bases. The crowd was the largest of the year. Each of the veteran pitchers received a bouquet of American beauty roses at the plate before they went to work.

In the first game Prendergast held Cincinnati to four scattered hits while the locals bunched hits off Schulz in the first and seventh.

How America's largest cigarette manufacturer has accomplished "the Impossible" by producing a MILD cigarette that SATISFIES. It is the CHESTERFIELD Cigarette : : : : : : : :

ALMOST anybody can make a cup of coffee. But there are said to be not over a half-dozen restaurants in the United States where they know how to make it right.

Similarly, almost anyone can make a cigarette. Just roll up some tobacco in a piece of pure paper—and there you are.

There are, perhaps, over 800 brands of cigarettes sold in this country today. But not one of them does what Chesterfields do—for Chesterfields are MILD; and yet they SATISFY.

Some cigarettes may be mild, but they don't satisfy. Only one cigarette does BOTH -- Chesterfield!

This truly unique cigarette has all of that refreshing taste-delicacy (or mildness) which any good cigarette must have. Yet, without sacrificing any of this delightful mildness, Chesterfields go one step further—they do more than merely "please your taste"—they let you know you've been smoking. They satisfy!

And yet they're mild!

A Step Forward in Cigarette-Making

WE are proud to be the firm that has brought about this important new development in cigarette enjoyment—for that is exactly what the Chesterfield blend* is.

This cigarette is an outgrowth of long, earnest effort on the part of this, the largest cigarette manufacturing concern in the United States.

The mild, yet satisfying Chesterfield blend is not the result of happy chance. It is one of the results of our many years of cigarette experience—of the heavy volume of our purchases of cigarette tobacco—of the prestige and advantage these enormous purchases give us in securing the choicest leaf from the tobacco fields of the world. Chesterfields are an achievement.

A New Thing for a Cigarette to Do

CHESTERFIELDS do the one thing you have always wished a cigarette would do—they satisfy!

Smoke them and we believe you will find that ordinary cigarettes seem by comparison almost flat.

Give Chesterfields (20 for 10 cents) a trial. We believe you will be glad to learn what they can teach you about cigarette enjoyment.

* * *

You have been reading here some rather unusual, almost daring, statements about a cigarette. If Chesterfields were an untried cigarette—if we had not been observing their behavior in other cities—if we did not KNOW that they make good with smokers, we could not afford to make these statements to you over our signature.

But these statements, strong as they are, can mean little or nothing to you until you have actually smoked your first Chesterfield.

You will find that your own dealer has Chesterfields waiting for you.
